

COMPANY PROFILE

2025

**SAPPHIRE PACKAGING
COMPANY LIMITED**

At **Sapphire Packaging Co., Ltd.**, our purpose is to create a sustainable future by delivering innovative, eco-friendly packaging solutions that inspire positive change for our planet.

ABOUT US

A BRIEF STORY ABOUT SAPPHIRE PACKAGING CO., LTD.

Sapphire Packaging Company was founded by Mrs. Ha Nguyen, who in 2010 pursued her vision of producing high-quality PP woven shopping bags. Driven by her passion, she learned the trade and established the company independently. With the support of her family, Sapphire officially opened its doors and has grown ever since. Today, we are dedicated to creating eco-friendly products that combine fashion and durability, proudly serving customers around the world.

Vision

At Sapphire, we envision becoming a global leader in the production of sustainable and stylish eco-friendly products.

Mission

01

Our goal is to redefine the way people perceive everyday items by seamlessly combining durability, functionality, and modern design.

02

We are committed to driving innovation in the use of sustainable materials, ensuring our products not only reduce environmental impact but also inspire our customers to make eco-conscious choices.

03

By prioritizing quality, creativity, and environmental responsibility, Sapphire aims to expand its presence in international markets, building lasting partnerships and becoming a trusted name in sustainable lifestyle products.

04

We will always strive to contribute to a greener, more sustainable future for generations to come.

Product Overview

A Brief Story About The Product

At Sapphire, our journey began with a simple yet powerful idea: to create products that are both functional and environmentally friendly. Starting with PP woven shopping bags, we focused on durability and reusability, offering a sustainable alternative to single-use plastics.

Evolving with Purpose

Over the years, we've expanded our product range, combining innovative materials and stylish designs to meet the evolving needs of our customers. Each Sapphire product is crafted with care, embodying our commitment to protecting the environment while enhancing everyday life.

Sustainability Meets Style

Today, our eco-friendly products are not just practical but also a reflection of modern lifestyles, supporting people around the world in making sustainable choices without compromising on quality or style.

Discover our eco-friendly recycled shopping bags—a sustainable choice for a greener future! Stylish, sturdy, and reusable—our bags are designed to reduce waste while meeting your needs. Go green with us and make an impact today!

GRS (Global Recycled Standard) certified

certified ocean bound plastic

SHOPPING BAG

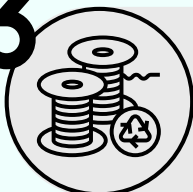

1 The journey begins with collecting **ocean-bound plastic (OBP)**, a.k.a “ghost gears” from coastal areas and waterways.

2 Once collected, the plastic waste is carefully cleaned, sorted, and processed into high-quality pellets.

3 The pellets are spun into **recycled yarns**, which are then woven into durable, eco-friendly fabrics.

4 These fabrics are crafted into OBP bags—strong, reusable, and stylish.
